You can get **OUT OF THIS**
PREDICAMENT with our
CREDIT UNION's

CREDIT-CARD

CRUSHER!

- We look at all your plastic and help you decide which cards you can pay off — for GOOD!
- You consolidate cards with a loan from your credit union at the good rates (starting at 6%) found on our “Rates” page—instead of the absurdly-high card rates.
- Loan proceeds will be paid directly to card issuers with instructions to cancel—and those miserable cards will be cut up in our office!
- Terms can be from 12 months to 60 months.
- Amount you can borrow is subject to normal evaluation that considers income, debt ratio, Vantage Score®, and signature limit.
- If you need a large amount of money, you might consider a home-equity loan for as little as 4.25%.
