

# Wyoming County School Employees Federal Credit Union

September 30, 2008

To All Members:

Here is the card you'll find in either of our offices for you to pick up and mail to the Florey agency. On principle, we are happy to make it available to you, because we know, first hand, that you can save considerable dollars by enrolling in this group program with Florey Insurance.

You, as a member, are automatically part of a group that Travelers honors, and you have nothing to lose by getting a quote. You will not be pressured into a change. If you save some premium dollars, then we've accomplished our goal in furnishing you with this information.

Happy saving!
